```c
#include <stdio.h>
int main(void)
{
    //variable declarations
    int i;

    //code
    printf("\n\n");

    printf("Printing Digits 1 to 10 : \n\n");

    i = 1;
    while (i <= 10)
    {
        printf("\t%d\n", i);
        i++;
    }

    printf("\n\n");

    return(0);
}
```
